HYPOFIX

Silver Fern Hypoallergenic Retention Dressing
Hypofix is an adhesive non-woven material dressing, commonly used underneath a bandage or tape. Hypofix allows joints/wounds to be dressed without restricting movement as it contours to the body while the adhesive keeps it in place. Hypofix is hypoallergenic and gentle to remove, reducing skin irritation. The grid on the backing paper enables accurate measurement and cutting to the required size. (Latex Free)

RIGID STRAPPING TAPE

Silver Fern Premium Rigid Strapping Tape Provides a strong support for joints during physical activity and rehabilitation. Made from high tensile strength rayon cloth with a strong adhesive, the rigid tape minimises excessive joint activity that can potentially cause injury. Pinked edges provide quicker tape application whilst eliminating threading and air permeability allows for evaporation of sweat while maintaining stability. (Latex Free)
